

## Program Arranged Decision Tree

For situations in which the ECI contractor does not have the necessary personnel (employee or contractor) to provide the recommended service, and cannot locate a service provider or cost of contracting/hiring exceeds the ECI program budget.

Program Arranged = ECI trained + member of the IFSP team + provides progress notes.

Not Part C = Not ECI trained and/or not member of the IFSP team and/or does not provide progress notes.

**For situations not covered by this decision tree: Call your DARS ECI Performance Manager.**
